**DETAILED ACTION**

***Response to Amendment***

In view of the amendment and the arguments filed on April 26, 2006, the prior rejection of claims 16, 26, 33 and 44 under 35 USC 102 over Constien reference is hereby withdrawn.

***Claim Rejections - 35 USC § 102***

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1, is rejected under 35 U.S.C. 102(b) as being clearly anticipated by US 5,582,250 to Constien.

Wherein the step of pumping a second proppant stage is considered **optional**, Claim 1 is therefore clearly anticipated by Conttien's one stage proppant injection.

***Allowable Subject Matter***

Claims 2-15 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claims 16-65 are allowed.

***Conclusion***

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any

extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
